## 1999 CABERNET SAUVIGNON ESTATE

The Signorello 1999 Cabernet Sauvignon tells a different story. This 75/17/8 blend of cabernet /merlot/cabernet franc is picked off Napa hillsides and fermented on native yeasts before spending 22 months in French oak. It is powerful ed although one can argue it is more Bordeaux-like in structure than California. Classic cassis, cedar and hints of tobacco are the precursor aromas and flavors to what should be a great wine in ten years.
