2001 CHARDONNAY
VIEILLES VIGNES ESTATE
CONNOISSEURS' GUIDE

April 2003

Heavily laid-on oak extends from first sniff through to the long, moderately spicy finish of this fat and fully ripened wine, and, if it is arguably a bit more concerned with oak and lees than it is with classically defined fruit, it is positively mouthfilling and has richness to spare. It handily avoids the latter-palate dryness that so often attends Chardonnays high in both oak and ripeness, and it comes with wholehearted recommendation as a foil to the likes of well-sauced salmon steaks
