ABOUT US

Signorello Estate, established in 1977, boasts a rich history of producing exceptional wines in Napa Valley. In the aftermath of the devastating fires in 2017, we have rebuilt and enhanced our estate to offer a more luxurious experience. We are delighted to welcome guests to our newly reopened estate, where you can indulge in a truly unparalleled wine experience. Our offerings include tours of our expansive 12,000 square foot cave and our world-famous vineyards. Centrally located between downtown Napa and Yountville, we enjoy stunning views right off the Silverado Trail.

We accommodate events from 10 to 200 guests, providing coordination, event rentals, glassware, world-class wines, and hospitality staff to ensure every guest has an exceptional experience.
